Employers must establish a written smoking policy that prohibits smoking in any business facility, including in vehicles used for work, and in outdoor areas where employees perform services under the control of the employer. Smoking in workplaces shall only be permitted outdoors. Employers shall only permit employer and employees to smoke outside within a Designated Smoking Area that is at least 20 feet away from the business facility and designed in a way to prevent smoke from escaping back into a workplace, public place or other areas where smoking is prohibited.

Eating Establishments shall prohibit smoking in outdoor eating areas and all enclosed areas of public places. Smoking includes the use of electronic smoking devices, whether or not they contain nicotine.

Tobacco products may not be sold to any person under 21 years of age. Tobacco retailers must not sell tobacco products to anyone under 30 years old without first verifying the customer's age by photo ID. Tobacco products include, but are not limited to, cigarettes, cigars, hookah, pipe tobacco, chewing tobacco, snuff or snus, electronic smoking devices, and any components or accessories used in the consumption of a tobacco product, such as filters, rolling papers, pipes and liquids used in electronic smoking devices, whether or not they contain nicotine.
